Timer - 00:29 Moves - 4 Matches - 1

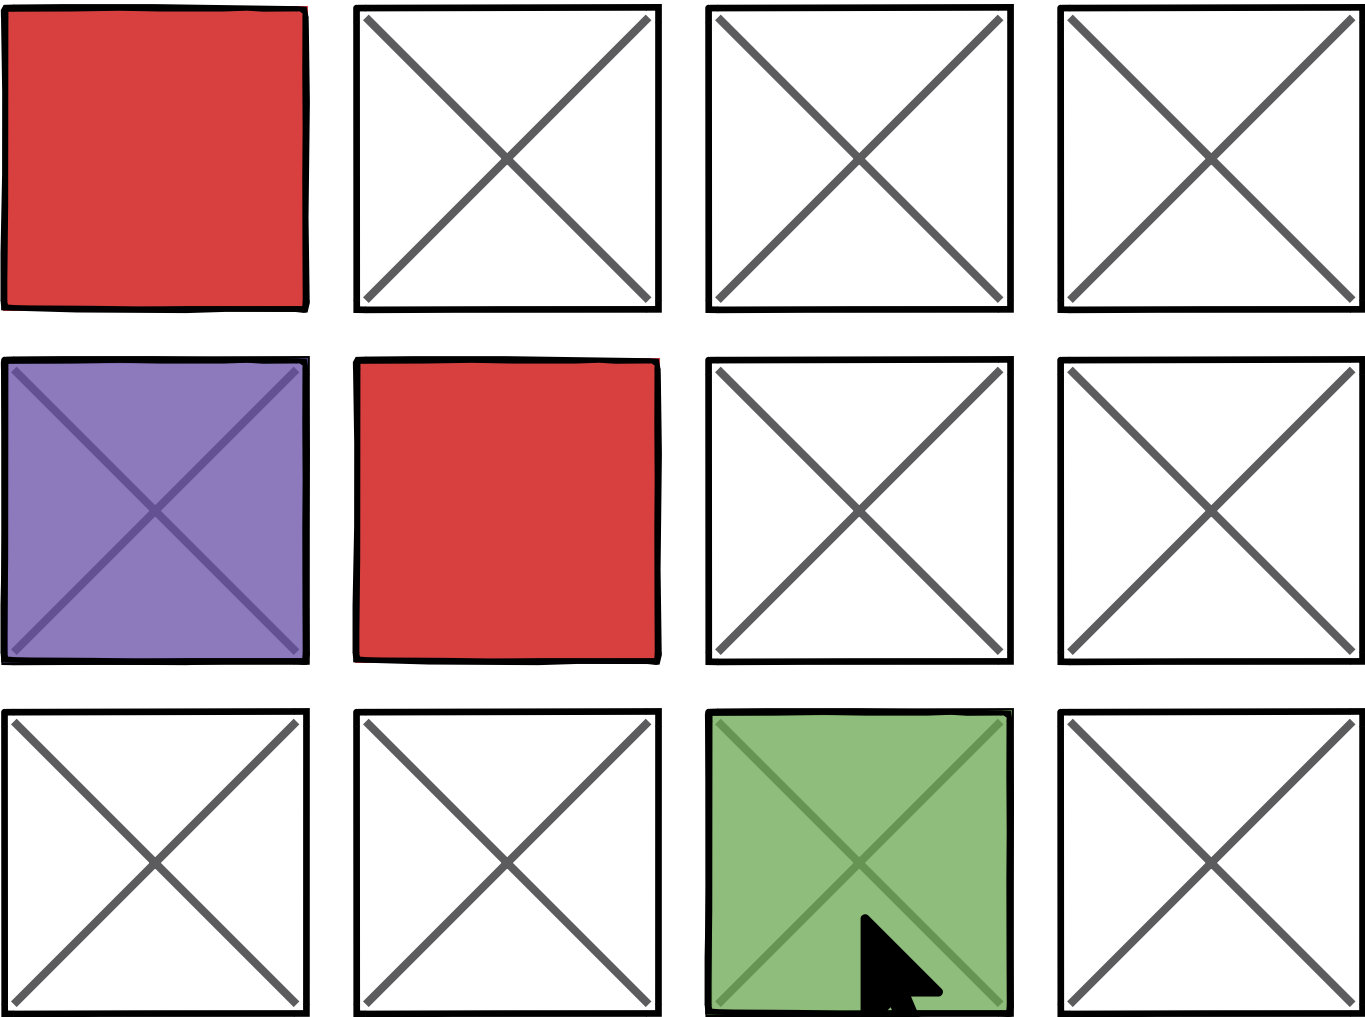

Memory Game

How To Play

These are the instructions for the Memory Game. The game is played on a 4x4 grid. The goal is to find pairs of matching cards. The cards are represented by colored squares. The game is played by clicking on the cards. The timer shows the time taken to complete the game. The moves show the number of clicks. The matches show the number of pairs found. The game is reset by clicking the Reset Game button.
